Program Overview

The Round Lake Area Park District Before & After School Program is structured to provide relaxed recreational opportunities to counter-balance the school day's educational activities. The staff is sensitive and flexible to the many needs of the children and parents in our program. The primary goal is to provide each child with a safe, enjoyable, and caring environment.

Daily activities include, but are not limited to arts and crafts, athletics, large and small group games, creative play, outdoor activities and homework help. Please keep in mind that our counselors will help answer questions, but not correct homework assignments, as this is the responsibility of the parents/guardians. Counselors will not provide one on one tutoring.

Participant eligibility for school-age children for the before and after school program include:

- Independent personal care (hygiene, toileting, feeding)
- Ability to follow Round Lake Area Park District Code of Conduct and other pre-determined guidelines
- Participate with visual and verbal prompting within a ratio of 1 staff per 10-12 kids.

Staff

All staff members are First Aid, CPR and AED certified and have completed orientation in preparation for the school year that includes subjects such as safety procedures, activity planning, behavior management, and leadership.
