You have until the week before camp to finish your ePact registration. **Any incomplete emergency information will result in removal from camp!**

- **Vomiting:** A child who vomits will be sent home immediately.
- **Strep throat:** A child must take antibiotics for a full 24 hours before returning.
- **Diarrhea:** A child who has diarrhea twice in one day will be sent home.
- **Chicken Pox:** A child must remain home until **all** blisters have dried and formed scabs. This usually is 7-10 days after the pox began.
- **Ringworm:** Children may return 24 hours after starting treatment. The ringworm must be covered until no longer visible.

Healthcare Policies (cont.)

A doctor's note will be required for readmission after any communicable illnesses. A physician should diagnose any child who experiences symptoms of a contagious disease. If you have any questions regarding an illness, please call-in advance before dropping your child off.

It is each parent's responsibility to verify their child's daily health is adequate before bringing him/her to camp. A child who shows signs of illness should be at home for the benefit of all. If your child is exposed to a communicable disease, you must notify us immediately for the protection of the campers and staff.

If a child becomes ill or injured while at camp, their parent/guardian will be notified immediately. Staff will use the emergency contact list provided through ePact if a parent or guardian is unavailable.

Have a plan in place if your child becomes ill while at camp. If unable to leave work, please have someone who is able to care for your child on stand-by.

Accidents

Accident reports will be filled out for any injury requiring first aid. If the injury is a non-emergency, staff will administer basic first aid. If the injury requires more than basic first aid, staff will call 911. They will notify you as soon as the situation allows. If you are not available, the emergency contact(s) listed in ePact will be notified. If your child needs to be transported to the hospital in an ambulance, a staff member will accompany your child and wait until you arrive to meet them at the hospital.

Medication

A Medical Administration form must be received prior to your child's first day of camp. Form is required for inhaler, EpiPen or any oral medication while in our program. If the medication is a prescription, the physician's information must be labeled along with their instructions for dispensing. All prescription medications must be in the original packaging/bottle and labeled with your child's name and date.

Communication and Parent Involvement

Parent involvement in the program is essential. We are a team in ensuring your child has a positive and safe camp experience. Cooperation with all policies and procedures outlined in this manual is imperative. Please notify the Round Lake Area Park District of any medical condition, disability, or other situation requiring special consideration by the staff. Our team strives to serve each family in the most effective manner possible. We respect confidentiality and will make every effort to accommodate each unique situation.

Swim Lessons

Swim lessons will be offered for an additional fee. You can register your child through Jeff Ellis Management.

Swim lessons will begin at 9:00 am. If your child is registered to start camp at 9:00 am and registered for swim lessons, please drop your camper off at the Aquatic Center. If you are registered for Extended Camp, we will walk your over to Aquatic Center. We will pick your child up in either case and return them to their camp group.

We do our best to not schedule field trips/events on swim days; however, if there is a field trip/event on a swim day there will not be make-up lessons. Make-up lessons only run when a lesson is cancelled due to weather or pool emergencies.

We are looking forward to a great summer with you.
